

Swimming Pool Repair Proposal

Asbury Place

Clemmons, NC

July 31, 2016

1. Swimming Pool Replaster

Signature Aquatics will complete the following:

- a. Drain pool to appropriate area.
- b. Existing plaster shall be removed below tile and around fittings.
- c. Install 1"x1" "highlight tile to steps and benches and depth break.
- d. Fill in shell cracks with resin (or appropriate material) to minimize the possibility crack(s) from re-appearing.
- e. Apply bonding agent to insure proper adhesion will occur with new plaster.

2. Recoat entire pool shell with a white Plaster finish consisting of marble dust aggregate, blue quartz flakes and a white Portland cement mixture meeting the National Plasters Council quality and installation Standards. *Comes with a 1 year warranty.

3. Cost:

Signature Aquatics will perform the above work for **\$18,360.00**

4. Replace perimeter tile

Remove and replace the perimeter tile for an additional
Price \$5, 345.00
